OCTOBER 2026

VENUE

RAMOJI FILM CITY

2026

NEUROVASCON

2nd - 4th October 2026 | Ramoji Film City, Hyderabad

26th Annual Conference of Cerebrovascular Society of India

Theme: Redefining Neurovascular Future

Conference Highlights:

- Pre-Conference Hands-On Workshop on Microsurgical & Endovascular techniques using live animal & models (2nd October 2026).
- Relive surgeries and immersive case-based learning.
- Plenary sessions on cutting-edge advances across subspecialties.
- Expert panel discussions with international faculty

Eligible for
6 Credit Points from
Telangana
State Medical
Council

WELCOME MESSAGE

Welcome to NEUROVASCON 2026,

It is with great enthusiasm that we welcome you to the 26th Annual Conference of the Cerebrovascular Society of India. This premier scientific meeting will be held from 2nd to 4th October 2026 at **Ramoji Film City, Hyderabad**, bringing together clinicians, surgeons, researchers, and allied professionals from across India and abroad for an immersive academic experience.

NEUROVASCON 2026 will feature a comprehensive scientific program including plenary lectures, symposia, panel discussions, and workshops led by expert faculty. The sessions will highlight advances in cerebrovascular surgery, endovascular techniques, stroke prevention and treatment strategies, neuroimaging, and multidisciplinary approaches to patient care, while also providing a platform for emerging researchers to present original work.

Alongside the academic content, the conference will offer hands-on sessions to enhance practical skills and encourage peer-to-peer learning. Delegates will also benefit from structured networking opportunities designed to foster meaningful professional engagement and collaboration.

We invite you to join us in Hyderabad for what promises to be an enriching and memorable scientific journey. Your participation will be integral to the success of this conference and to advancing excellence in cerebrovascular care. We look forward to hosting you and sharing the warmth and hospitality of Hyderabad.

Treasurer

Dr. Anil K Sharma
Editor in Chief

Dr. Syed Ameer Basha Paspala
Executive Member

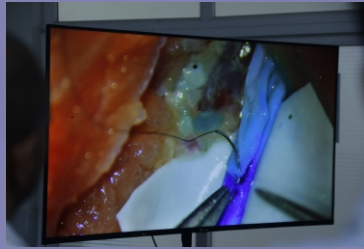

Dr. Pragyan Sarma
Executive Member

Dr. Amol Raheja
Executive Member

PRE CONFERENCE HANDS-ON WORKSHOP

The proposed Pre-Conference Hands-On Workshop is designed to deliver intensive, practical training in microscopic high-flow anastomosis, with a strong emphasis on real-time surgical skill development. Training will be conducted using live, anaesthetized laboratory animals (rabbits), enabling participants to gain authentic operative experience in a controlled and supervised environment. This workshop aims to significantly enhance the microsurgical capabilities of practicing surgeons while also providing Residents and Postgraduate students with valuable exposure to advanced microsurgical techniques.

The programme encompasses a comprehensive curriculum, including microvascular suturing, high-flow anastomosis on animal tissues, live-animal operative training, and endovascular simulation modules. Participants will benefit from structured hands-on sessions conducted under the close guidance of expert faculty. In addition, the workshop will feature “How I Do It” video demonstrations, showcasing refined techniques and best practices from experienced microsurgions.

Through immersive practical learning, expert mentorship, and collaborative interaction, the workshop is designed to strengthen technical proficiency, improve operative confidence, and foster a deeper understanding of high-precision microsurgical procedures.

CALL FOR ABSTRACTS

On behalf of the Organising Committee, we are delighted to invite you to participate in NEUROVASCON 2026 by contributing your scientific papers and enriching the academic deliberations

This meeting will also provide a unique platform to engage with distinguished national and international faculty who are recognized leaders

Submissions Start Date: **1st Feb 2026**

Submissions Last Date: **30th Jun 2026**

Submission Category

- Award Paper Presentation
- Free Paper Presentation
- Poster Presentation

Submit Abstract

Abstract Topics

- 1. Anterior Circulation Aneurysms
- 2. Posterior Circulation Aneurysms
- 3. AVMs
- 4. Bypass Augmentation
- 5. Cavernomas/Haemangiomas
- 6. Endovascular Strategies
- 7. Microsurgical Approaches
- 8. Moya Moya
- 9. SAH & Vasospasm
- 10. Spinal Vascular Anamolies
- 11. Stroke
- 12. Trigeminal Neuralgio
- 13. Vascular Basics
- 14. Venous Anamolies
- 15. Unusual vascular lesions

About Conference Venue

Ramoji Film City, the world's largest film studio complex, is a cinematic wonderland and a vibrant holiday destination that attracts over 1.5 million visitors every year."
